Keeping You on Your Toes...

♥ BE READY TO GO!

This means arrive 10 – 15 mins EARLY, to stretch out in the lobby. That way when class starts, you really get your muscles going! Have your uniform and hair done and ready, so when you get here, you can begin stretching *before* class.

♥ DON'T GIVE UP BECAUSE OF ONE BAD DAY!

No one is perfect and we'll have great days and bad days. God loves us and looks into our hearts, not whether we are perfect every single dance class! He wants us to be joyful and doesn't want to see us put ourselves down because we are here to worship Him through the art of dance!

For Expressions of Joy
and our Community.

For the lives of every child, parent and family
at our studio. May each one be blessed
everyday by God.

Alison's baby Joshua: that God may provide
a healing from head to toe!

Hinds Feet in High Places: That God may
empower every dance of every age and
level to really shine on that stage and
impact the heart of every audience
member that God brings to us that
night.

Outreach Opportunities: So our dancers can
have more chances to dance their hearts
for God and to also impact the lives of
the Community.

Scholarship Funding: So we may bless many
talented students that weren't able to
return.
